

~ Getting to the CMLD-BU ~

The CMLD-BU's main offices and laboratories are located on the 8th floor of Boston University's new Life Sciences and Engineering Building (LSEB) at 24 Cummington Street in Boston. We are located within easy walking distance of Kenmore Square, and the closest MBTA stop is Blandford Street, the first outbound stop after Kenmore on the Green Line's B (Boston College) trolley.

Since you are located in Kenmore Square, the easiest way to get to the CMLD-BU is to walk. On the map below, building 45 is the Hotel Commonwealth, and the CMLD-BU is located in Building 50 (lower left corner). You can walk up Commonwealth Avenue to Blandford Street, turn left on Blandford, then right on Cummington Street. The LSEB is about 50 yards up the street on the left. You can also walk up Beacon Street until you reach the bridge over the Massachusetts Turnpike. On the right side you will see a staircase that leads down to Blandford Street. Turn left onto Cummington and follow the directions above.
