

## Flow Chemistry Discussion Group Meeting

27th October, 2011

Somerset, NJ

### *Program*

10:00	Registration
10:30	Welcome
10:35	Richard Jones, ThalesNano Inc. Expanding the boundaries of organic synthesis through flow chemistry
11:30	Christopher Cooper, Genzyme Corporation Process Development of a Potent Glucosylceramide Synthase Inhibitor
12:00	Lunch
13:00	Ildiko Kovacs, ThalesNano Inc. Review of Novel Results in Flow Chemistry
13:30	Frank Gupton, Virginia Commonwealth University Palladium Catalyzed Cross-Coupling Catalysis In Flow
14:00	Anna Tomin, University of Massachusetts Biocatalysis in continuous-flow systems
14:30	Discussion
15:00	Adjourn

Franklin Room

Hampton Inn Somerset /  
New Brunswick

255 Davidson Avenue  
Somerset NJ 08873
